

GETTING THE MEANING RIGHT: THE CORRECT APPROACH TO INTERPRETING INSURANCE CONTRACTS & AILA NSW AGM

Presented by

The Honourable Justice Meagher NSW Court of Appeal

Insurance policies are some of the most complex commercial contracts. Insurers, insureds and the courts continue to grapple with their meaning. The NSW Court of Appeal decision in *XL Insurance v BNY Trust* is just one of many this year where policy interpretation was in issue. Justice Meagher will provide guidance on the correct approach to interpreting insurance contracts in light of general principles and recent cases. This event includes the AILA NSW State Annual General Meeting.
