

PERSONAL INJURY JURISPRUDENCE FROM THE PLAINTIFF PERSPECTIVE

Recent Developments in Public Liability Decisions from Around Australia

TRAVIS SCHULTZ

Principal, Travis Schultz Law

Accredited Specialist (Personal Injuries) – Qld

Member, QLS Accident Compensation/Tort Law Committee

Queensland Law Society Senior Counsellor

2019 – only lawyer in Australia ranked ‘Leading’ in all three compensation law areas: public liability, workers’ compensation and motor vehicle law

Travis presented one of the AILA QLD Branches most popular and well received seminars last year, and we are delighted that he will present this webinar on recent developments in public liability decisions from around Australia. Find out the top recent cases and developments which most excite, and which most worry, a plaintiff lawyer. Find out in advance the new and novel arguments and case theory respondents and their insurers will next be facing.

In this webinar, Travis will delve into a detailed analysis of the new cases and developments which have occurred since his presentation and paper from last year (available in the AILA online library) of which all insurers and practitioners in personal injury public law liability law across Australia need to be aware.

This session will be chaired by:

BERREN HAMILTON Special Counsel | Stone Group Lawyers & AILA QLD State President
