Procedural Fairness in Total and Permanent Disability claims can be difficult to perfect. In this informative webinar **REBECCA NICHOLS** and **FIONA HANLON** will provide practical tips and traps to watch out for when preparing , and when you receive, procedural fairness letters.

This interactive session challenges you to consider the boundaries of procedural fairness obligations including:

- Medical opinion (conflicting opinion/ not stabilised)
- Surveillance (including” subject not seen” surveillance)
- Publicly available material (social media/webpages/business searches)
- “Irrelevant” material

The webinar chaired by **KEVIN HOLYOAK** will be of interest to claims and legal professionals and attendees will be encouraged to participate and ask questions throughout the session
