

THE AUSTRALIAN INSURANCE LAW ASSOCIATION & THE AVIATION LAW ASSOCIATION OF AUSTRALIA AND NEW ZEALAND
PRESENT

"WHAT WOULD BRUCE WILLIS DO?"

Emerging Risks from the Ground to the Air

David Chitty (Barrister)

"Safety in the air begins with safety on the ground"

- Inherent accepted hazards associated with high capacity RPT travel
- Additional global hazards and assessment

Mark Mackrell (Norton White Lawyers)

- Legal liability under the Convention Regimes / Limitation of damages
- Legal liability on the ground
- Legal liability outside the Convention/liability of third parties/forum shopping

Chris Mackinnon (Lloyds)

- Emerging risk and exposures—Identification and scenario based modelling
- Matching emerging risk with insurance solutions – Challenges/opportunities

Professor Steven Freeland (UWS)

- Challenges facing space law due to the rapid development in technology
- Space sustainability – dealing with space junk
