Long Tail Claims | CGU Insurance

In this dual presentation **Coralie Young & Kathy Sims** will present '**Open Source Intelligence Advancements**' which aims to explore the significant advancements in desktop technology & the use of open source intelligence gathering in the course of insurance investigations. The presentation will also demonstrate some live social media discovery tools, and the process of exploring the 'Deep Web' that takes intelligence profiling to new depths.

The second presentation entitled '**Demystifying Static Video Surveillance**' by **Anthony Callaghan** will explain what static video surveillance is, how it works and how it can help in the assessment of a claim and credibility of a claimant. Anthony who is a specialist in the field of technical surveillance for both personal injury insurance claims and law enforcement will discuss this relatively unknown technology and explore case studies and how it can greatly assist you and your clients.
